

Questionnaire

Section	Questions
Demographics	
Demographics	What is your current level?
	What department/team do you work in?
	What region do you primarily work in?
	How long have you worked in this company?
	What is your age group?
	What is your ethnicity/race?
	What is your gender?
	Is your role client-facing?
	How many days per week do you work from home?
	What is your preferred work arrangement?
	Do you have sufficient work-from-home equipment?
	How many hours per workday do you spend on focused, task-specific work (excluding meetings and breaks)?
Burnout Index	
Emotional Exhaustion (EE)	I feel emotionally drained by my work.
	I feel used up at the end of the workday.
	I feel tired when I get up in the morning and have to face another day on the job.
Cynicism (CY)	I have become less interested in my work since I started this job.
	I doubt the significance of what I do at work.
	I feel indifferent about my job responsibilities.

Section	Questions
Professional Efficacy (PE)	I feel confident in my ability to handle my job.
	I can effectively solve the problems that arise in my work.
	I feel I'm making a positive impact through my work.
Mental Fatigue Score	
Mental Fatigue	I use a lot of my spare time recovering from work.
	I feel like most of the time I'm living to work.
	Too much is expected of me at work.
	I feel exhausted all the time.
	I usually have lots of energy to give to my family or friends.
	Worrying about work issues makes it hard to relax at home.
	I don't get enough time between work shifts to recover my energy fully.
	I often forget what I intended to do.
	My head feels dull or heavy a lot of the time at work.
Psychosocial Predictors	
Workload (WL)	I have too much work to do.
	I work under tight deadlines.
	I frequently work beyond regular hours (e.g., overtime, weekends).
	I spend a significant portion of my workday on tasks that feel unproductive (unnecessary meetings, redundant reporting, etc.).
Job Satisfaction (JS)	I know exactly what is expected of me at work.
	The tools or systems I use help me work efficiently.
	I feel competent to perform all key tasks in my role.

Section	Questions
	I have time at work to develop new skills.
	I feel encouraged to innovate and try new approaches.
Control & Autonomy (CA)	I have significant autonomy in determining how to do my job.
	I can influence decisions that affect my tasks or deadlines.
Reward & Recognition (RR)	I feel fairly compensated for the work I do.
	Good performance is publicly recognized in my team.
	I am satisfied with non-monetary benefits (time-off, learning budgets, etc.).
Financial Stability (FS)	My current pay comfortably covers my living expenses.
	I can save or invest a portion of my income each month.
	Unanticipated expenses would create significant financial stress for me.
Shared Values (SV)	My personal values align with the organization's values.
	I understand how my work contributes to the company's mission.
	In my work unit, we share a common vision.
Supervisor Support (SS)	My immediate supervisor is available when I need support.
	My supervisor demonstrates positive, ethical leadership behaviors.
	My direct supervisor provides helpful feedback that helps me improve.
Fairness (FA)	Decisions about promotions are made fairly.
	Policies are applied consistently to everyone.
	I feel that my job responsibilities are fair.
Community (CO)	I feel a strong sense of community with my coworkers.

Section	Questions
	I can rely on colleagues when work gets difficult.
	Different backgrounds and perspectives are valued here.
	I enjoy attending the company's social events.
Toxicity at Work (TW)	I feel safe being myself at work.
	I feel safe to speak up about problems or mistakes at work.
	My work puts me in emotionally disturbing situations.
AI Familiarization (AI)	I have received sufficient training to use AI tools safely and effectively.
	I know where to find help or resources to improve my AI skills.
	I'm worried that AI adoption in my role could limit my career growth.

All items in the Burnout Index, Mental Fatigue Score, and Psychosocial Predictors sections were rated on a 5-point Likert scale (1 = Strongly disagree, 5 = Strongly agree).
